Josep Lluis Monte Galiano

SCRUM Trainer at Some learning schools

moga@moga.cat

Summary

Josep Lluis Monte Galiano

08012, Barcelona

Tlf: +34.646.60.12.20

moga@moga.cat

I'm interested in management and development lifecycle methodologies, and I like implant, apply, practice and promote. I try to create environments where it there be a balance between "contract" and "comunication". Effective documentation vs exhaustive documentation, and direct comunication and practical agreements vs mails and long meetings

I like SCRUM. It's effective if it's applied entirely. But I like a lot PRINCE2 and PMP aspects, too, that I think are'nt incompatible them

Besides to study and apply methodologies, I worked in projects like Project Manager, Scrum Master, Product Owner, or as I'm useful

PRINCE2 Practicioner certified and Professional Scrum Màster for Scrum.org. ICT consultant . Project manager in software development since 20 years ago. I have worked in projects .NET winforms and ASP, Java, PHP, SQL Server, Oracle, MySQL, HTML5, CSS3, Phonegap, etc

Master degree in ICT, (e-learning), for Universitat Oberta de Catalunya (UOC). Engenieer in computer science for Universitat Oberta de Catalunya (UOC). Lecturer eLearning Master at UOC, in Technopedagogic design and Final work.

For further information: http://www.moga.cat/pagines/cv.html

Publications
Implantar SCRUM amb èxit

UOC Publishing   June 30, 2015

Authors: Josep Lluis Monte Galiano

Scrum persegueix no només obtenir resultats, sinó obtenir-los de manera que tothom que hi participa en el procés se senti satisfet. Per assolir aquest objectiu principal, Scrum proposa una série de premisses que son generals per al projecte i per la gent que hi està implicada, i que fan especial èmfasi en l'establiment de vies de comunicació eficients

Interests

In ICT area, I'm interested in Software engineering and project management predictive or agile methodologies.
 Lately I'm interested in methods to combine PRINCE2 with SCRUM and Kanban

In eLearning area, I'm interested in how to use ICT pedagogical as just the way, and not the end

My hobbies are dedicate the time in photography and hiking

Test Scores

PRINCE2 Practitioner

July 2011   Score:90 de 108

   Qualificació de l'exàmen oficial

PSM1 Scrum Master - Scrum.org

February 2014   Score:91%
